We're celebrating Kentucky Courthouses over the next several issues of *Common Defense*, and need your help.

Put on your best photographer's eye, and send us your "take" on your county's courthouse. We'll choose what we consider to be the best and proudly display them over the coming issues. Kentucky's town squares and their courthouses are true community cornerstones, and we want to celebrate their role in Kentucky lives.

Winning photographers, and the courthouse locations will be cited in the "About our Cover" section on the table of contents.
